TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Newbury in the County of Merrimack, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Newbury, N. H., on Tuesday, the Ninth day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

Art. 1. To choose all necessary Town Officers for the year ensuing.

Art. 2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Art. 3. To hear Reports of Town Officers, Agents and Committees heretofore chosen and pass any vote relating thereto.

Art. 4. To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Art. 5. To see what action the town wishes to take in regard to disposing of property acquired by tax deed.

Art. 6. To see what action the town wishes to take in raising and appropriating a sum of money for the Information Booth.

Art. 7. To see what action the town desires to take in appointing a committee of three; one member of the board of Selectmen and two others to study the operation of the Information Booth.

Art. 8. To see what action the town wishes to take in raising and appropriating the sum of money to the Lake Sunapee Board of Trade.

Art. 9. To see what action the town wishes to take in raising and appropriating a sum of money to the Dartmouth-Lake Sunapee Association.

Art. 10. To see what action the town wishes to take in raising and appropriating a sum of money for a new grader.

Art. 11. To see if the town will vote to deed that part of the Pine Cliff Road abandoned in exchange for property deeded to the town for the new road.

Art. 12. To see what action the town wishes to take in raising and appropriating the sum of \$819.50 for Class V Roads (T.R.A.) the state to contribute \$5,463.36.

Art. 13. To see what action the town wishes to take in regard to issuing a permit for Beano.

Art. 14. To see if the town will approve the action of the Board of Selectmen in acquiring the railroad right-of-way line on town property.

Art. 15. To see if the town will approve the action of the Board of Selectmen in acquiring land between Firehouse and Veteran's Hall.

Art. 16. To see what action the town desires to take in regards to a re-assessment of town property either by tax commission or other assessing company, selectmen or an elected board of assessors and raise and appropriate money for same.

Given under our hands and seal, this 8th day of February, in the year of our Lord nineteen hundred and sixty-five.

NEWBURY FIRE DEPARTMENT

Fires Reported During 1964:

- May 2 Dump fire, 3:00 P. M., Tank Truck and 14 men responded. No damage.
- July 31 Brush fire on 103A across from Geo. Junge, 10:55 A. M. Tank Truck and 3 men. No damage.

GEORGE CROTEAU

Chief

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions; together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy - both industrial and recreational - is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area - 4,350,000 acres - is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers

of lighting matches and making outdoor fires.

3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all fires endanger property and lives.

We wish to thank you for your fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

THE NEWBURY PUBLIC LIBRARY

1964 has been a happy and progressive year for our library. Monthly meetings of the trustees and librarians have been held. The books are now catalogued by author and title. New books have been added periodically - spring, summer, autumn and winter purchases were made. Interest on Trust Funds were utilized in reference books. Other improvements include landscaping and the pavement of the walk and parking area. A set of folding chairs was purchased from the interest of the Jennie Folsom Fund. We do want to thank each and all who have given so generously. Gifts of books and magazines subscriptions were appreciated.

In the spring, an exhibit of Newbury residents' hobbies, handicrafts and interests enticed the exhibitors and the curious to the library. An Open House for Summer residents was sponsored by the trustees and librarians. A Summer Reading Program for children in grades 2 - 6 encouraged some of our children to continue their reading and weekly visits to the library. Diplomas were given to those who completed the program. The Bradford Womans Club held an executive board meeting at the library in October.

We are proud to announce our book circulation has increased from 2,000 to 5,000 books. This is an average 14 books per capita. The state average is 6 books per capita. We hope many more of you will become avid readers.

The Library Hours are Monday 2:00 to 5:00—6:30 to 8:30
Wednesday 2:00 to 5:00

REPORT OF PUBLIC HEALTH NURSE

336 Central Street
Franklin, N. H.
January 19, 1965

Office of Selectmen
Newbury, N. H.

Dear Sirs:

This is a brief report of some of the activities that your state public health nurse has carried out during the year 1964 within the area in which your town is located. Please have this included in your town report.

Home visits were made to all age groups for health supervision, nursing care, referrals, and so forth in each and every town.

Immunization Clinics were held in the towns of Bristol, Franklin, Newbury, Sutton, Salisbury, Wilmot, Grafton, Hill and Northfield.

A Chest Xray Clinic was held in Franklin in February.

A Pre-school Dental Fluoride Clinic was held in Canaan in June. All pre-school children in Grafton were invited to reap the benefits of the clinic.

Your state public health nurse is in her office from 8:30 a. m. Monday through Friday. The telephone number is Franklin 934-2329. Please call or write if any problem arises.

Respectfully submitted,
Rosemary Hawkins
Public Health Nurse

1964 COURTESY TOWN MEETING

NOTICE

You are hereby notified that there will be a special Courtesy Town Meeting to be held on Saturday evening, the eighth day of August at 7:30 o'clock in the evening. This meeting is held for the benefit of non-residents in the Town of Newbury, N. H.

Signed:

Frederick S. Cook

Merle S. Rich

Jack G. Sweeney

Selectmen of Newbury

The meeting was opened by the moderator, Randolph Milligan. He explained purpose of the meeting and asked those present who had recommendations to write them out and they were acted on as follows:

Art. 1. Is there interest in a Town beach in Newbury, either at the RR-right-of-way or elsewhere? Any steps toward this objective?

Walter A. Wurth

A discussion followed as to the 600 ft. of footage and inter-owned by the Town. Moderator stated that land back of cemetery was owned by the Town.

Mr. Sweeney stated in relation to the RR right-of-way the Town had taken steps to try and secure this reserved footage.

Mr. Wurth inquired if the summer people have to subscribe to this and Mr. Sweeney stated it would have to be taken up at Annual Town Meeting.

Mr. Wurth asked if a private owner had been approached to purchase same and give to the Town.

Mr. Rich stated that Mr. Max Wasserman did say he would purchase same and give to the Town and thought it a good thing for the Town to have a beach, but was only speaking as an individual and that for any action it would have to be taken up at Town Meeting.

Art. 2. Mr. and Mrs. Edmund Wood requested a street light be installed on light pole #73 18B, along with other prop-

erty owners on Orchard Street, and asked that favorable consideration be given this request. At the present time there is only one street light on Orchard Street resulting in a very dark condition.

Edmund M. Wood

Mr. Rich stated that this matter would be taken under consideration and that the light appropriation would have to be increased accordingly.

Art. 3. When will the sewer be put thru Bowles Road? Is there any estimate of the cost per family?

G. E. Ludes

Moderator stated that he believed that this area was found not to be polluted and that sewerage was not necessary. Mr. Marquis stated that he had noticed an apparent odor of pollution near his dock and had got in touch with a Dr. Donald Bent of the Health Services Laboratory, New London, New Hampshire, copy of letter received by Mr. Marquis from Dr. Bent was as follows: which was read by the Moderator.

August 4, 1964

Mr. William A. Healy, Director
Sanitary Engineering Division
N.H. State Dept. of Public Health
South Spring Street
Concord, New Hampshire

Dear Mr. Healy:

I have recently tested water samples from the Croft Beach area of Blodgetts Landing on Lake Sunapee at the request of Mr. Marquis whose house is at the western edge of this area. Mr. Marquis' specific complaint is a pollution type odor emanating from the water and particularly rising with bubbles which come up out of the sand in the area. Using the membrane filter method I had coliform counts of 2 next to a buoy in the lakeward direction of the area, but there were 22 coliforms per 100 ml. from a sample taken towards the shore (wind was blowing hard towards shore). This count is about the same as the count taken in the Croft Beach area on July 7, but these counts are both higher than average for Lake Sunapee.

Taking all these factors into consideration Mr. Marquis for himself, and I for the Lake Sunapee Protective Association, request that an investigation of possible pollution sources be made in the Croft Beach area at your earliest convenience.

Coliform counts in this area have averaged somewhat higher than other areas of the lake.

Your help in this matter will be greatly appreciated.

Sincerely yours,

Donald F. Bent

cc. Mr. Marquis
Bowles Road
Blodgetts Landing
Newbury, New Hampshire

Moderator stated that he believed that this was under the jurisdiction of the Board of Health.

Mr. Marquis asked if they would have to go to the Board of Health in Concord?

Mr. Rich stated that this would have to go through the March Town Meeting or a Special Town Meeting.

Mr. Marquis then said that he would go to Concord as he wanted action now, and do not wish to wait until March, as I am concerned regarding the health of my family.

Art. 4. It is requested that the Town take action as expeditiously as practicable to protect property values and preserve the beauty and attractiveness of the lake front on Lake Sunapee. Under present conditions there is nothing to prevent any property owner from establishing any type of commercial project on his property, regardless of its effect on the property values or peace of mind of his neighbors. The advent of super-highways has brought this area close, in time, to Boston. Without adequate controls, there is real danger of the character of the lake front being reduced to that of a Coney Island.

A zoning ordinance is needed, unless some other action, such as licensing, can be found to give adequate protection. Zoning need not be so restrictive as to preclude necessary and desirable commercial development which might bene-

fit the town and its summer residents. It should, however, serve as a check to prevent undesirable projects from springing up without warning and without opportunity for affected property owners to present their objections. The Town of New London already has a zoning ordinance. The Town of Sunapee is having a survey conducted by a nationally recognized firm (and with Federal assistance) to determine the best action to take in this matter. It is recommended that the Town of Newbury join with New London and Sunapee to make the protection of the shores of Lake Sunapee a Regional project.

It is requested that an Article be placed in the agenda of the next Town Meeting to provide zoning, or other appropriate means, for the control of land use on the shores of Lake Sunapee.

Lawrence C. Leonard
Bay Point
Mt. Sunapee, N. H.

Mr. and Mrs. George E. Ludes
Mr. and Mrs. George P. Severance
Mr. and Mrs. George A. Marquis
Mr. and Mrs. Forrest A. Millard
Mr. and Mrs. Edmund M. Wood
Robert K. Breck
Gertrude K. Breck
Walter A. Wurth
Dr. and Mrs. Irving H. Crandall

Article 21, of the Warrant, 1963 Annual Town Meeting was read by the moderator, as follows:

To see if the Town will vote to establish a Planning Board of five members with duties as set forth in Sections 1-15, Chapter 36, N. H. Revised Statutes Annotated, 1955, to make a study of the Town's development and report to the Town appropriate recommendations for the promotion and maintenance of the Town's best development. The Board shall consist of one Selectman and four (4) other citizens appointed by the Selectmen, as provided in Chapter 36, New Hampshire Revised Statutes Annotated, 1955.

Mr. Rich stated that in 1963 we could not get anyone to serve on this committee and it was turned down. I think

this is something which should be given serious thought. Mr. Wurth inquired if the voting population in Newbury were aware of zoning?

Mr. Rich stated that in 1944 this was brought up.

Mr. Leonard wondered if there was some way that it could be brought up again in the Town Meeting by someone capable of explaining or telling the purpose of it.

Mr. Sweeney stated that he thought the matter should be enlarged and have other summer people show they were interested.

Letter was passed around for signatures and submitted to the Clerk to be filed in records.

Mr. Breck stated that he thought that Article 21, of 1963, should be put back in the Warrant for Town Meeting of 1965.

Moderator read the Article again and Mr. Wurth stated he wondered if the Town of Newbury was ready for this.

A motion was then made to see that Article 21, as it appears in 1963 Warrant be placed in Warrant for 1965 Town Meeting, to provide zoning or other appropriate means for control of land use in the Town of Newbury. Motion seconded and so voted.

Mr. Leonard thanked Town Officers for holding the meeting and requested that another be held the 2nd Saturday in August 1965, at 8 P. M.

Meeting was closed at 9:15 P. M.

Violet A. Jones

Town Clerk

TOWN OF NEWBURY, NEW HAMPSHIRE

Office of Selectmen

South Newbury

January 22, 1965

We, the Auditors of the Town of Newbury, have this day audited the books of the Selectmen, Treasurer, Town Clerk and Tax Collector and Trustees of Trust Funds for 1964, cast their figures, compared their vouchers and found same correct.

Daniel V. Cunningham

F. Arthur Larson

George E. Purple

Auditors

THE 1965 BUDGET

of the

DARTMOUTH-LAKE SUNAPEE REGION ASSOCIATION

The most effective operation of the Dartmouth-Lake Sunapee Region Association in 1965 will be achieved if more funds are available for promotion and development work. We need added funds to compete successfully with the 17,000 other promotion organizations in the country that are our competitors. We urge you to increase your investment in the Dartmouth-Lake Sunapee Region Association in 1965. All added income will be used to publicize our region and increase its business assets, and not for operational expenses.

Receipts from February 1964 to February 1965 will total \$9,775. Town appropriations account for \$3,480, state investment \$5,000, memberships \$400 and ads in Where-To-Stay Guide and The New Hampshire Accommodations Listing, \$895.

The funds will be used to print and publish the following promotion pieces, for white space advertising. Autumn Ablaze tours, 4-H Club prizes, promotion of industry, Fort Number Four and similar established development pro-

grams. Our literature describing the region is highly regarded and popular by our clients. It is attractive and low-cost but highly effective. Our basic pieces will continue to be produced with new ones added as needed. Our basic pieces are: Where-To-Play that lists all vacation attractions such as state parks, ski areas, covered bridges; Where-To-Stay is our listing of motels and hotels; large base map; large place mats (summer and ski), covered bridge napkins and ski napkins, autumn ablaze signs and literature, and a continued issuing of information on our industries. New and timely pieces are: A stuffer urging people to visit our region on the way to the World's Fair in New York; a postcard in color showing our various attractions during the four seasons with a word story on the back to be issued at travel shows; a descriptive article and pictures in the N. H. Summer Guide and story and motel listings in the N. H. Accommodations Listing (150,000).

Your region association is developing a **new sales appeal** to prospective visitors, residents and businessmen. The overall advantages of living and working in the region will be depicted to show that we have much broader assets than the vacation business. In addition to our promotion materials listed in the preceding paragraph there will be separate leaflets (and a Business Opportunities Booklet) on such topics as: Happy Retirement in the Dartmouth-Lake Sunapee Region; Locate Your New School in the Dartmouth-Lake Sunapee Region, where education is a traditional business; Summer Camps are "Naturals" in the Dartmouth-Lake Sunapee Region; etc.

A tremendously important asset, of the Dartmouth-Lake Sunapee Region Association and the communities investing in it, is the participation in the publications of the N. H. Department of Resources and Economic Development. They print over a million pieces of publicity material annually AND the Dartmouth-Lake Sunapee Region name, address and map are used in these pieces to show regional differences in the state. Other promotion agencies do not have this extremely important avenue of publicity. The cost to the region association is negligible.

Among the state promotion maps and booklets in which the Dartmouth-Lake Sunapee Region features are described are: New Hampshire Tourist Map (900,000 copies), N. H. Vacation Guide (125,000 copies); N. H. Accommodations Listing (150,000 copies); Visit the Covered Bridges of New Hampshire (30,000 copies); Recreational Calendar (150,000 copies) and N. H. Autumn Extra Recreational Calendar (40,000 copies); N. H. Winter Holidays (35,000 copies) and New Hampshire Winter Guide Maps (50,000). **This totals 1,430,000 exposures of our region name and facts.**

The development of new business and encouraging the expansion of established ones will receive added attention in 1965. This will be done through the Business and Industrial Council of the Dartmouth-Lake Sunapee Region Association. It is designed to bring together officers and directors of the DLSRA directly interested in securing new business and industrial firms and city and town persons, paid or voluntary, such as officials of Chambers of Commerce, Industrial Foundations and "Industrial Agents" of public utilities, state and federal agencies.

The major purpose is to provide a central agency to exchange ideas and information on who is doing what. There is not enough current communication or neighborly professional talk among the many paid and unpaid persons working to bring new business into the communities in the DLSR. Past experience has proven that a region association committee (council) can achieve this goal with a minimum of friction and at low cost. The first meeting in Claremont in December indicated the value of the Council. Other meetings will be held.

The future success of any business organization is built on the basis of past experiences, products, and successful management. The promotion and development work of the six regional associations has proved effective and been financed by state, towns, and business funds for over thirty years! They have plans to continue in this manner and to become even more important in the economy of New Hampshire.

Your community investment in the program of the Dartmouth-Lake Sunapee Region Association brings many-fold returns. Invest more in the region association program.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District of Newbury qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said District on the 8th day of March, 1965, at 7:00 o'clock in the evening to act upon the following subjects:

1. To choose a moderator for the ensuing year.
2. To choose a clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a treasurer for the ensuing year.
5. To hear the reports of agents, auditors, committees and officers chosen and pass any vote relating thereto.
6. To choose agents, auditors and committees in relation to any subject embraced in this warrant.
7. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of statutory obligations of the district, as determined by the School Board in its Annual Report.
8. To transact any other business that may legally come before said meeting.

The moderator calls to order at 7:00 P. M. for voting and warrant articles will be taken up at 8:00 P. M.

Given under our hands at said Newbury, this 25th day of February, 1965.

Marion P. Smith

<hr/>	
Total Local Share	\$ 6,000.00
State's Share	3,750.00
<hr/>	
Total Salary	\$ 9,750.00

NEWBURY SCHOOL DISTRICT SUPERINTENDENT'S REPORT

In this world of uncertainty there are few things of which we can be sure. However, we can be sure that great changes have been taking place in education in general and in New Hampshire education in particular. One of these changes has been the New Mathematics Program which was introduced in Newbury this year. Ordinarily I would have introduced this over a period of years, but I felt it was important that we did it all in one year and I am pleased with the results which are taking place.

Another change which has been made in Newbury is the transporting of the seventh and eighth grade pupils to New London. More and more schools of the size of Newbury are going to be doing the same thing that we have done. They will be better able to keep up with the accelerated programs of the high school.

The big change in New Hampshire Education has been the development of the Area and Cooperative School District concepts. There was an unsuccessful study of the Cooperative School District a few years ago. This is contrary, however, to the trend which is taking place in New Hampshire. During the past two or three years there have been numerous Cooperative School Districts established. Some of them are: Walpole, Alstead, Charlestown, etc.; Bristol area, Canaan-Enfield area, Wolfeboro area and others are in the process of making studies. I suspect that this trend will continue with some strong support from the Legislature and the State Board of Education.

Another concept has been the Area School concept which was developed by the Interim Commission Report on Education of 1963. Some school districts are already studying this concept and within the next year or so we will have some of these Area Schools.

The main difference between an Area School and a Cooperative School is organization and management. An Area School will normally be a high school with grades 9 thru 12 or 7 thru 12 with the school controlled by the school board of the town in which the school is located. On the other hand, with one exception, a Cooperative School District in-

cludes grades 1 thru 12 and the various schools are operated by a school board composed of members who are elected from all the pre-existing school districts. The number of members from each town depends on the size of the town and the size to the cooperative district.

These are indeed changing times in New Hampshire education and they will continue to be for some time. Certainly the criteria for accepting any educational change in a New Hampshire community should be: "Is this going to provide our children with a better education?" These decisions are up to the people, but some one once said, "Give the people the facts and they will make the right decision". In the next few years you will have to make decisions on the Educational Policy and I am sure you will make the right ones.

William C. Sterling
Superintendent of Schools

ANNUAL SCHOOL HEALTH SERVICE REPORT

1963 - 1964

Report of Local Medical Services:
